

## Consulting

Your tour consultant is your best resource to help you select a tour based on your group's needs and interests, including which destinations rank the highest on your travel agenda and whether there are specific cities in the state you are touring that will especially complement your curriculum. We will also help you narrow down your choices by considering which tour length, pace and price will be best for your group.

Taking a personal approach in helping clients organize their group travel needs, we understand the need to customize and economize charter bus services and we take extra care in planning bus schedules that will best serve your group. Our friendly staff of professionals is always available to help you decide on the right bus services for your budget and need.

Afflatus World Motor Coach's professional group travel planners will help design and deliver a bus for personnel transport, meetings, excursions, or special events of any size. This may include transportation to and from airports, company outings, meetings, conventions, sports events, competitions, academic events, religious groups, and more. Our bus travel also offers regular and / or daily shuttles for all types of entities or whatever your charter bus service needs may be. We combine local expertise with exceptional management practices to ensure our clients' satisfaction.
